Fall Quarter Enrolment Hits All-Time High

Student Employees Granted Increase In Wage Schedule

New student employment regulations at Eastern now state that no student shall be paid less than 60 cents an hour or more than \$1.25. Compared to last year, this is a ten cent minimum increase and a 25 cent maximum increase in wages.

A student is to be paid over one dollar per hour only when his work requires special skills or if the student's previous experience warrants a high rate of pay.

All requests for an hourly rate of over one dollar must be accompanied by a detailed job analysis and information about the student's experience.

All students employed by the university must have satisfactory grades and be in good health. Students on academic probation are considered to be ineligible for student employment. This is due to the many requests for jobs. In previous years a student on academic probation was allowed to

(Continued on page 3)

BOOK LINE—One of the features of Eastern's registration system is the line in which students patiently wait in hope of receiving their coveted textbooks.

Eastern Adopts New Probation Policy

A new system of determining academic probation and exclusion from school is currently in effect, according to administrative officials.

The system will be applied to all new students and to other students not on probation this fall.

Proposals for change have been under consideration by the committee on academic standing for about a year. This committee deals with appeals for exceptions to rules governing exclusion of students for low academic grades.

The recommendations of the committee on academic standing were studied and approved by the curriculum committee, the administrative council, and President Quincy Doudna.

According to the new system, a student whose record at any time falls below that required for good standing is placed on probation for one quarter.

A student who has attended one quarter on probation and whose record at any time falls below that required for good standing is placed on final probation for one quarter.

For exclusion from school, a student is dropped at the end of a quarter on final probation if he has failed to attain good standing, or if at any time after a quarter of final probation his record falls below that required for good standing, or if at any time his cumulative grade point deficit is less than 2.0. The last provi-

sion does not apply to a freshman in his first quarter.

The new system defines the grade point deficit as the number of additional grade points that would be needed to bring the grade point average up to 2.0, or C.

A student who has been dropped for low scholarship may be re-admitted only through petition to the committee on academic standing.

The explanation of the new procedure goes on to state that ordinarily a period of two quarters must elapse before a petition will be considered. The length of the new academic probation period and any additional conditions are fixed by the committee if the student is re-admitted.

Petition forms may be obtained from the Dean of Students.

One of the features of the new plan is that students on probation will no longer be limited to taking three courses, formerly the mandatory maximum for probationary cases.

In some cases, probation students will be advised to take only three courses, reduce their outside load, or eliminate social activities; but this will not be mandatory, according to a statement issued by President Doudna.

The new regulations will also result in a tightening of provisions for the admission of transfer students.

Eastern will decline acceptance of students dropped from other institutions except by action of the committee on academic standing.

The committee will admit transfer students on probation or final probation, if at all, and ordinarily will not consider their requests until they have been out of school a semester or two quarters.

The term "final probation" is new in the provisions. It is used to designate the second quarter

of probation, even though the student has had one or more clear quarters since his first probation.

"The old system," said President Doudna, "was rather complicated and not well understood by a great many students to whom it applied."

"Further, it was formerly possible for a student to be on and off probation several times and then be dropped from school after spending nearly four years here. The new plan will result in a student reaching his 'crisis' much earlier."

"Aside from an effort at simplifying an essentially complicated

(Continued on page 3)

Freshman Total Tops 900 Mark; 1957 All-Time Record Shattered

An all-time record enrolment of 2,390 students have registered for fall quarter at Eastern, according to Dr. Maurice Manbeck, assistant dean, admissions and records.

Included in the total more than 900 freshmen, also a record breaking mark.

The total figure surpasses the record established in 1957 by 230 students, and represents a gain of more than 80 per cent over the 1953 total of 1,223.

Returning students numbered 1,442, including 546 soph-

omores, 453 junior, and 404 seniors. There were 22 graduate students reported by John Jones, director of machines.

The ratio of men to women has improved in favor of the women this year as compared to former years when they were outnumbered at least two to one. By noon Friday, 813 women had registered as compared to 1,539 male students.

Final registration figures have risen almost 1,000 since 1,382 students arrived on campus in 1947. Largest jump in enrolment over the ten year period came in between 1953 and 1954, when a rise of 374 students was recorded.

Only a decline in registrants during 1950 and 1951 hampered the direct line of the curve. In those years deficits of 61 and 266 students were recorded.

Actual freshman registration totals were off almost 200 from the 1,106 total that applied for admission through the summer months. The percentage relationship between applicants and actual registrants is high, according to Dr. Manbeck.

Dr. Manbeck pointed out that only once in the last decade has the actual enrolment of freshmen varied more than six per cent from the total applications received in advance of registration.

The lone occasion was last year when the enrolment was 12½ per cent under the number of applications. During three other years, however, the number of freshmen exceeded the pre-registration total.

Board Authorizes Construction Moves

At the Illinois Teachers College board meeting at Eastern last Friday, plans were designed for a \$281 million bond issue to be presented to the voters of Illinois on November 4.

Actions affecting Eastern were the Board's approval of the married housing project which will provide 60 units for married students and the provision of \$47,450 for construction of drives, parking areas, and sidewalks at Eastern.

Teachers College board members are Lewis M. Walker, chairman; Alexander Summers, secretary; Royal A. Stipes, vice-chairman; Richard G. Browne, executive officer; Mrs. Harriet Lowden Madener, William E. Reed, J. A. Houle, Chauncey B. Watson, Carl Dunbar, and Clarence Ropp.

Notice

Reading improvement classes are scheduled to begin next Monday, according to Dr. Donald Moler, director of the reading clinic.

Open to all students, the classes will be held in the basement of Pemberton hall. Registration is free of charge.

Officials Dedicate New Buildings

Governor William G. Stratton headed the speaking program of area and state officials at Eastern's building dedication program held last Thursday.

Dedication ceremonies were held at the Student union building, the Robert G. Buzzard Laboratory school, the three new residences halls, and the Fine Arts center.

Assisting the Governor in his dedication duties were Senators Paul H. Douglas and Everett M. Dirksen; State Superintendent of Public Instruction Vernon L. Nickell, and Alexander Summers, Teacher College board member.

Other speakers at the program were Representatives John Lewis, Dave Glenn, and A. Lincoln Stanfield; Dean Hobart H. Heller and Lewis Walker, chairman of the Teachers College board.

All the speakers paid special tribute to the increasingly rapid growth of the university.

Afternoon festivities were held in conjunction with the Lincoln-Douglas debate centennial which is still in progress in Charleston. After a parade through the town, a special program was held in Lantz gym.

Guest speakers for the afternoon were Governor Stratton, Senator Douglas, Senator Dirksen, and Congressman William L. Springer.

All the speeches stressed the importance and immortality of the issues discussed and debated by Abraham Lincoln and Stephen Douglas—the freedom of men and the status of the Negro.

In his address, Governor Stratton said: "The brotherhood of man . . . can keep this nation great. Perhaps nothing else can, in the eyes of the world. Deeds, not words, are needed today."

FINE ARTS CORNERSTONE—Shown in the act of laying the cornerstone of Eastern's new Fine Arts center are Gov. William G. Stratton center, and the three department heads that will inhabit the center. They are, from left, Dr. Leo J. Dvorak, head of the music department; Dr. James G. Ross, head of the speech department; and Dr. Calvin Countryman, head of the art department.

Placement Office Registration Urged

All seniors who complete the requirements for any degree at the close of the fall term are reminded that registration with the Placement Bureau is a prerequisite for graduation and that they should stop by the Placement Office to pick up the necessary materials. This should be done as soon as possible if arrangements have not already been made.

In some fields there are usually a good many calls for teachers to begin work at the start of the second semester. The Placement Bureau assists graduating students in making contacts with possible employers.

From The Desk . . .

Dedication Ceremonies . . .

A Cooperative Effort

Eastern greeted the end of a decade of building and planning for the future last Thursday with the formal dedication of the Robert G. Buzzard laboratory school, the University union, and three new women's residence halls.

On that same eventful day, the dramatic tones of Sen. Everett M. Dirksen kicked off Charleston's Lincoln-Douglas Debate Centennial with a boom. Dirksen's reminiscent report, comparing the issues of the historic debate series to the current crisis concerning the moral problem of integration and disregard for the decision of the high courts of the country, completely over-shadowed the efforts of senior Sen. Paul H. Douglas, who spoke on behalf of Stephen A. Douglas and his part in the historic debate series.

Douglas' offering to the moderate crowd of university students and residents of the city of Charleston was a categorical resume of Sen. Douglas' role in the history of the United States and the events that led to his political undoing.

Overall, the complete program of activities went off very well—both the townspeople and university personnel are to be congratulated.

From the day last year when the compromise between Eastern and Charleston concerning the staging of the centennial in conjunction with building dedication and annual Homecoming festivities went into effect, a pessimistic attitude towards the possibility of success of the dual venture has prevailed on both sides of the fence.

Our source of information with regard to the progress of the celebration was one-sided. We have found that some of the feelings expressed were completely unfounded—and it was a grave injustice to tab the town of Charleston lackadasical toward the whole matter.

Earlier rumors that local merchants had declined taking an active part in Eastern's Homecoming parade were also dispelled by a spokesman for the Charleston Chamber of Commerce, who reported that plans were underway for the construction of five floats. The source went on to state that unaffiliated Eastern students would be employed in the building of the decorations.

This, coupled with the success of the opening day ceremonies, is a clear indication that the town of Charleston is doing its part towards making the cooperative project a success. We have maintained all along that university personnel has creditably assumed their share of the burden—the hostile attitude on the part of a few has been the only hindrance to maximum efficiency.

Relations between a college and a college town can never, in our opinion be in complete harmony. If, however, each can rise to a specific occasion as has been the case with the centennial-homecoming celebration a problem does not exist at all—and all rumors concerning the possibility of a dangerous situation should be written off as worthless.

Unethical Recruiting . . .

Official Action Demanded

The power of large school money and influence was felt on Eastern's campus last week when it was learned that IAC tennis champion Dennis Konicki was unscrupulously lured from under the protective wing of coach Rex V. Darling by Northwestern university athletic officials.

Konicki, a junior at Eastern with one one year of eligibility as a transfer student, was reportedly offered a "free ride" by the wealthy Evanston school. In two years at Eastern, he received the maximum "grant-in-aid scholarship of tuition and a job. The prospect of free room and board in addition to books and tuition and spending money was evidently too much for the ambitious Hinsdale athlete to turn down.

The fact that any institution is permitted to stoop to literally "stealing" an athlete from a small college of the same state which could not possibly compete with its offer is an insult to the integrity of the athletic conference that governs it and to the national association with which it is affiliated.

Steps are currently being taken by Darling to remedy this situation. Eastern's amiable tennis mentor, who was recently appointed chairman of the National Association of Intercollegiate Athletics tennis program, will appeal his case to Kenneth "Tug" Wilson, commissioner of the Big Ten and make it known to Stu Holcomb, athletic director at Northwestern. The possibility of Holcomb's ignorance of the true facts at hand were brought out, and he will be given every opportunity to take action on the case.

Darling's plight has been endorsed by Howard Braun, tennis coach at the University of Illinois, who in a recent telephone conversation stated that he thought the tactics completely underhanded and a matter that demanded justification.

Eastern is admittedly partially to blame for not requiring grant-in-aid athletes to sign a contract upon receipt of the financial assistance, guaranteeing that they will remain at the institution or repay the money they have used. With this precautionary measure in effect, Darling would at least have some financial satisfaction to cover the loss of a champion tennis player that he has worked with for two years after turning his thoughts to coming to college at all.

A severe reprimand on the part of the Big Ten commissioner should serve to renew NU coach Paul Bennett's sense of coaching ethics, and would undoubtedly nip such underhanded actions in the bud. Such practices, if allowed to continue, could lead to the ruination of small college athletic systems.

THE SOUNDING BOARD

by Frank Pialorsi

Charleston's guest list last Thursday read like a Who's Who in Illinois. A certain eye-witness reports that political campaign-winning devices were constantly occurring. One report has it that as Governor Stratton was approaching Lantz gym for the afternoon festivities, he came upon four little tots. He asked them if they were coming in for the program. Their reply was, "We can't, can we?"

"Surely," the Governor said. He then escorted them personally to a choice seat in the balcony.

* * *

Everyone was amazed and delighted at the speeches of Senator Dirksen and Senator Douglas. No two issues could have been more different. The speech-making style of these two men is as unlike as night and day.

Dirksen's speech was dramatic, full of gestures and very forceful; whereas Douglas arose in a quiet manner, gave the facts on Stephen Douglas, and sat down again. The wonder of it all is that both men were equally able to hold the attention of their audience.

* * *

The recent tribute paid to Dr. Charles Coleman for his voluminous writings and research into the life and times of Abraham Lincoln is truly deserving. Eastern is proud of Dr. Coleman. We are also looking forward to the presentation of Mrs. Coleman's play on slavery.

* * *

The spirit of the centennial spreads from the campus to the Charleston square. The displays in the store windows show a priceless collection of paraphernalia of the 19th century.

* * *

Dr. Glenn Seymour and Dr. Rex Syndergaard are to be congratulated for the time and effort they are putting into their parts in the centennial. Don't miss these two as they portray Stephen Douglas and Abraham Lincoln in Mrs. Charles Coleman's play, *Our Brothers* to be presented October 6-10 in Lantz gym.

* * *

We're looking forward to another Homecoming parade this year. The theme — the Lincoln-Douglas debate — is a hard one which should tax the imaginative minds of all entries.

A Message . . .

From the President

It is September. Another academic year has started. Last week it was my privilege to greet some 2,000 or 2,500 parents and new students in the opening convocation. Two hundred seventeen faculty members were at the first faculty meeting in the auditorium of the R. G. Buzzard school. Thirty-seven of them are new to Eastern.

Latest figures show we have 2,385 full-time students enrolled and a few hundred additional attending part-time, mainly in the extension classes. This is an all-time record.

Last week—all in one day—we dedicated five major new buildings, laid the cornerstone for a sixth and got Teachers College Board approval for plans for a seventh and eighth.

All this sounds like your president is overcome by the beating of drums and is about to join the march toward everything that is big. But now, in this message written mostly for returning students, I want to place myself again firmly on the side of quality rather than quantity in higher education. I believe we have and can get the facilities to take care of the increasing numbers; we

Off Campus . . .

South Fights U.S. Court Verdict; Sinatra Lives 'Lost Weekend'

by Frank Pialorsi

Public schools in Virginia are continuing to be closed. Governor J. Lindsay Almond's actions recently put him on the cover of Time magazine. The two Charlottesville schools that were ordered to desegregate last week are closed. Governor Almond's action has put 1,170 pupils out of the classroom.

Frank Sinatra's recent location jaunt to Madison, Indiana, brought him no new fans and undoubtedly lost him a few. His "Lost Weekend" trips to Newport, Kentucky, were the talk of the area.

Religious leaders in Madison resented his illegal carting of beer through the town.

The Senators in Washington, D. C. have ended the Hoffa Union probe after seven weeks of hearings. One official summed it up in this way: "There is just no end to the scandals."

There is an acute shortage of doctors in East Germany today. So many doctors have left that some small cities and hospitals have no doctors at all.

The situation has been called a catastrophe and Chancellor Adenauer and his congress are seeking a remedy. The Russians may be asked to send in doctors to help care for the 17 million Germans in the East Zone under Soviet control.

At Charleston, Illinois, Thursday, Senator Everett Dirksen speaking for integration said: "... color is marching" and the principle of racial equality enunciated by Abraham Lincoln "ultimately will not be denied."

Defense Secretary McElroy's round-the-world inspection trip will include a visit to Formosa. He plans to be gone five weeks. His schedule calls for a two-day stop in Formosa, where the United States is backing the Nationalist government's defenses.

Governor Stratton and Attorney General Latham Castle left with their wives Sunday for a five day houseboat pleasure trip down the Sangamon to the Illinois river.

Extra judges are being hired in Hungary to handle all the divorce cases. Divorces have increased in Communist Hungary since a special charge for such suits was abolished early this year.

The Liberal party in London voted unanimously for a resolution calling on Britain to stop making hydrogen bombs.

The once-powerful Liberals now have but six members in the 630 seat House of Commons. They also urged a special session of the U. N. Assembly to discuss ways of preventing the nuclear arming of France, Red China, and other countries.

Scholarship Winner Chooses Eastern

V. Lloyd Jackson, Villa Grove, winner of the Kroger-Distributive Education scholarship in the state of Illinois for the 1958-59 school year, enrolled last week at Eastern.

The Kroger company annually awards a \$500 scholarship to the outstanding male graduate in distributive education in the high schools in each of six states. Each grant is for a year of study at the college or university of the winner's choice.

Information and application blanks are distributed each spring to all distributive education coordinators. The Kroger personnel department selects two finalists, and a committee appointed by each state director of distributive education makes the final decision.

Student Wages Rise

(Continued from page 1)

continue working for the university upon the recommendation of his adviser or one of the deans.

It has become the responsibility of the faculty or staff member for whom the student works to ascertain that his academic status is satisfactory at the beginning of each quarter.

All student employees are now required by state law to sign the loyalty oath when first employed. This can be done upon reporting to the President's secretary.

New Probation Policy . . .

(Continued from page 1)

ed matter," the president continued, "the objectives of the change were first to discover, as early as possible, students unable or unwilling to do satisfactory college work, and second, to make entrance to Eastern difficult or impossible for students who have failed elsewhere and show no promise of success here."

Ten EIU Students Receive Scholarships

Ten Eastern students have been awarded Teacher Education scholarships for the 1958-59 school year by the Illinois Congress of Parents and Teachers.

The scholarships, each worth \$200, are awarded to students enrolled in a teachers education curriculum. Winners were selected by the faculty committee on financial grants.

Recipients of the scholarships are David Paul Bobzin, senior from Kankakee; Mary C. Brennen, senior from Collinsville; Joseph F. Green, senior from Effingham; Mary Frances Ducey, freshman from Pittsfield; Patricia Hartsfield, Taylorville sophomore; Ju-

dith Ann King, senior from Danville; Estella Pound, junior from Lovington; Catherine Ray Sheffield, junior; Betty R. Stoltz, senior from Mt. Carmel; and Victor Williams, sophomore from Pago Pago, American Samoa.

The Illinois Congress of Parents and Teachers presented \$2,000 to Eastern's financial committee last May making the awards possible.

ONCE MORE UNTO THE BREACH

Today begins my fifth year of writing this column, and what an eventful five years it has been! What things have these old eyes not seen! What great discoveries have rocked the world—the anti-proton, for instance, and the anti-neutron, and high-low split, and Brigitte Bardot!

In these five years it has also been discovered that American smokers like two kinds of cigarettes—filter and non-filter. The Philip Morris Company makes both kinds. I mention the Philip Morris Company because they pay me to mention the Philip Morris Company. They sponsor this column. I write it and then they give me money. Then I take the money and pay my grocer, my butcher, my gardener, and my four madrigal singers. In this way full employment is maintained and we avoid a repetition of the Panic of 1873 when bread riots killed over 98 million people in Muncie, Indiana, and millions of others were reduced to ghost-writing Ph. D. theses to keep body and soul together.

But enough of gloom. Let us get back to cheerful subjects, like the products of the Philip Morris Company. For those of you who wish filter cigarettes there is Marlboro, which now, more than ever, gives you a lot to like—a brand new improved filter and a wonderful flavor that comes breezing right through. For those of you who wish non-filter cigarettes, there is Philip Morris, a mild natural blend, flavorful, fresh, and thoroughly agreeable. For those of you who can't decide between filters or non-filters but have an affinity for packages, I should like to point out that both Marlboro and Philip Morris come in both the crushproof Flip-Top Box and the good old-fashioned Soft Pack, and you will surely want several of each for your collection.

Speaking for myself, I smoke both Marlboro and Philip Morris in both packs. What I do is make kind of a fun thing out of it. In my bedroom I have four signs, one on each wall, which say in turn: "PHILIP MORRIS—SOFT PACK", "PHILIP MORRIS—FLIP-TOP," "MARLBORO—SOFT PACK" and "MARLBORO—FLIP-TOP". When I get up in the morning I put on a blindfold and then my faithful cat Rover spins me around six times and then, with many a laugh and cheer, I walk forward with my finger outstretched and the first sign I touch is the cigarette I smoke that day!

...This little game has been a great source of merriment...

As you can imagine, this little game has been a great source of merriment to Rover and me, except for one untoward incident one morning. I was stumbling around in my blindfold and fell out the window right on top of a man named Fred R. Timken, a census taker, and broke all his lead pencils. He was cross as a bear, and though I offered him both Philip Morris and Marlboro in both the Flip-Top Box and Soft Pack, he refused to be mollified. In fact, he refused to put my name down in the census, so when you read population figures of the United States, will you please add one?

But I digress. We were speaking of Philip Morris and Marlboro who will bring you this column throughout the school year. In this space I will take up vital aspects of undergraduate life, like high-low split and Brigitte Bardot, and it is my fondest hope that the column will be half as much fun for you as it is for me.

* * *

The makers of Marlboro and Philip Morris welcome you to another year of fun and games from Old Max, and another year of good smoking from us. Filter or non-filter, pick what you please—and what you pick will please you.

Thirty-seven New Instructors Added to University Faculty and Staff

Thirty-seven persons were appointed to the faculty at Eastern for the school year now in progress. Twenty of the new staff members are filling positions newly created, nine are filling vacated positions and seven are serving the university as substitutes.

Filling spots made open by resignations are:

Dr. Glenn A. McConkey, associate professor of social science is occupying the position left open by the resignation of Dr. A. B. Armstrong. Dr. McConkey is a former professor of physics at former professor of physics at Southeast Missouri State college.

Dr. Weldon N. Baker, formerly a professor of chemistry at Kansas State Teachers college, is associate professor of chemistry.

Miss Mary Case, music instructor, is a graduate of the Woman's college of the University of North Carolina and received her Master of Music degree from Indiana university. She replaced Miss Ethel Hanson, resigned.

Dr. Joan Jacobson, assistant professor of speech, received her Ph.D. and master of arts degrees from Syracuse university after graduating from Morningside college. Dr. Jacobson, who replaces George Falconer, was a speech and hearing therapist in the Louisville public schools before coming to Eastern.

Dr. Walter McDonald has taken the position of assistant professor of geography, replacing Dr. Charles McIntosh, resigned. Dr. McDonald, who received his undergraduate and masters degree from Southern Illinois university and the Ph.D. from the University of Illinois, was an associate professor of geography at Austin Peay State college from 1952 to 1958.

Dr. Dalias Price, a member of the geography department at Southern Illinois university since 1947, has been named to replace Dr. Albert Brown as head of the geography department. Price received the Ph.D. from the University of Wisconsin in 1954.

Joseph E. Carey, former principal of Arcola Elementary school, has been named assistant professor and sixth grade supervisor in the Robert G. Buzzard Laboratory school.

Named to replace Dr. Walter Friedhoff as assistant professor of education is Dr. Carl Keating Green, former chairman of the division of education and psychology at Lee college, Baytown, Tex. Dr. Keating received his masters degree and Ph.D. from the University of Houston.

Named to new positions are: Andrew Hook has been appointed

social director of the recently completed University union. A graduate of Western Illinois university, Hook received his masters degree from the State University of Iowa.

Mary Louise Anderson, a graduate of Southern Illinois university, has been named instructor and supervisory teacher of kindergarten for four year olds in the Laboratory school. Miss Anderson taught at the Metcalf school on the Illinois State Normal university campus this summer.

Raymond V. Griffin, a 1950 graduate of Eastern, has been added to the industrial arts department as an instructor.

Joe T. Connelly has been appointed instructor and supervisory teacher of the ninth grade in Eastern's Laboratory school. A 1950 graduate of the University of Kansas, Connelly received his masters degree from the University of Illinois in 1954. He has taught social science in the Champaign junior high schools since 1952.

Ann E. Jackson, for the past four years an elementary teacher in Effingham, will assume duties in the Robert G. Buzzard Laboratory school as an instructor and supervisory teacher of the first grade.

Dr. Richard Jellison, for the past two years an assistant professor of history at Michigan State university, comes to Eastern as assistant professor of social science. Dr. Jellison did his undergraduate work at Ball State college and earned his masters de-

gree and Ph.D. at Indiana university.

Dr. Clifford E. Winkler has been added to the education department as an assistant professor.

Mrs. Barbara Fife, who received her masters degree from Eastern last summer, has been named instructor of art. A native of Edwardsville, Mrs. Fife received her undergraduate degree from Eastern in 1955. She has been teaching art in the Olney Community unit.

Robert C. Wiseman, a 1956 graduate of Northern Illinois university and audio-visual coordinator at that institution last year, will come to Eastern as an assistant in the audio-visual center.

Wilbur L. French has accepted a position as instructor of zoology. French received the bachelor of science degree from the University of Illinois in 1956 and the masters degree from the same institution in 1957.

Mrs. Elizabeth Scott has been appointed instructor and director of Eastern's residence hall. A graduate of Eastern, Mrs. Scott was fourth grade teacher at Gower school, Hinsdale, during the past year. She also received her masters degree from Eastern.

Mrs. Helen H. Inci, classroom and cooperating teacher at the University of Illinois since 1955, will serve as instructor and supervising teacher of the second grade in the Robert G. Buzzard Laboratory school. A 1944 graduate of the University of Iowa, Mrs. Inci received her masters degree in 1958 from the University of Illinois.

Robert C. Weiss has been named instructor and supervising teacher of physical education in Eastern's Laboratory school. Weiss, a graduate of Wisconsin State college, La Crosse, received the masters degree from Indiana university in 1954.

Erma Marie Bryan, kindergarten teacher at Carpentersville for the past four years, has accepted the position of instructor and kindergarten teacher in the laboratory school. Miss Bryan received the B.S. and masters degrees from Western Illinois university.

Dr. Ferrell Atkins, former head of the mathematics department at the University of Richmond, Va., will be an assistant professor of mathematics. A native of Martinsville, Dr. Atkins received the Ph.D. from the University of Kentucky.

Martha I. Drew, who received the bachelor's and masters degrees from the University of Illinois, has been added to the business education department as an instructor. Miss Drew has been teaching at the University of Illinois.

Dr. Martin Schaefer assumed duties as assistant director of the Robert G. Buzzard Laboratory school.

Leroy F. Imbieke has been named instructor in the department of business education. He has taught high school commercial courses in Walhalla and Riverdale, South Dakota since 1953. Imbieke is a graduate of Valley City (South Dakota) Teachers college. He received his masters degree from the University of North Dakota.

Mrs. Lottie Leeds, a graduate of Eastern, has been appointed instructor and supervisory teacher of fourth grade in the Robert G. Buzzard Laboratory school. Mrs. Leeds has taught fourth grade in Robinson for the past 17 years.

Added to the Eastern staff as substitutes are:

Cecil E. Roberts, a graduate of the University of Iowa, has been added to the Booth library staff as an instructor.

Also added to the staff of Booth library is Mrs. Bertha Coddington. A graduate of Eureka college, she will be employed as substitute instructor of library.

Sarah Pon Kiang, a graduate of the University of Detroit and the University of Connecticut, will be an assistant professor of chemistry.

John Maharg, voice and coral instructor at Arkansas State college since 1952, has been named to replace Maurice Allard as instructor of music.

Russell L. Herron, a 1957 graduate of Eastern, has been named to replace Kenneth E. Hesler as assistant director of Public Relations. Herron was formerly employed by the Illinois State Register, Springfield.

Marguerite Eleanor Green has been named to replace Carolyn Ryle as an instructor in the health education department.

Coral Stephens has been added to the Robert G. Buzzard Laboratory school staff as substitute instructor and supervisory teacher of the first grade. A resident of Confidence, Iowa,

Slavery Drama Set for Homecoming

"Our Brothers," a three act drama dealing with the question of slavery in 1858, written by Dorthea M. Coleman, has been selected for Eastern's annual Homecoming production to be staged

Rex Syndergaard as Lincoln

students and faculty of Eastern and townspeople. Director of the play is E. Glendon Gabbard.

Two Eastern faculty members will portray Lincoln and Douglas in the original production. Rex Syndergaard, associate professor of social science, will play the role of Lincoln, and Dr. Glenn Seymour, professor of social science and head of the department at Eastern, will portray Douglas. Dr. Seymour is a recognized authority on the life of Stephen A. Douglas.

Mrs. Coleman, author of the play, is the wife of Dr. Charles H. Coleman, professor of social science at Eastern and a nationally recognized Lincoln authority. Dr. Coleman is the author of many textbooks and pamphlets on the subject of Lincoln and the Civil War period. He was recently appointed to the Illinois Lincoln Sesquicentennial commission by Governor William Stratton.

Scheduled to be presented five successive nights before Eastern's annual Homecoming celebration and the closing date of Charleston's three-week festivities, the play tells the story of a Coles county family divided by the question of slavery and how the passage of a runaway slave and the historic debates helped

resolve the problem. Rehearsals for the production are currently in the third week. Monday Eastern students were selected by Dr. Gabbard to take part in the mob scene.

Glenn Seymour as Douglas

Salaries Rise for New Teachers; Administrators More Selective

Salaries for non-experienced teachers average more than \$200 above salaries paid to beginners in 1957, according to Dr. William Zeigel, director of placement. The average salary for new teachers with a B.S. in Education stands at \$4,139.

Calls for teachers this year still indicate a shortage in all levels of elementary teaching. The fields of English, mathematics, science, foreign language, vocal music, art, physical education, speech correction, and library are also in need of instructors.

Dr. Zeigel also stated that while there were numerous calls last spring for teachers in business, industrial arts, physical education, and social science, the shortage of teachers is less acute and administrators are becoming increasingly selective in their hiring.

Regarding placement problems, Dr. Zeigel indicated that a number of men in business education had difficulty securing a teaching position be-

cause they did not qualify for shorthand.

A number of men in physical education could have been placed more readily if they could have taught some academic subject besides social studies.

Dr. Zeigel numbered student teachers during the current quarter to total 125. Out of this number, 100 are doing their work in one of the 24 eastern Illinois communities being used as student teaching centers. The remainder are practice teaching in the new Robert G. Buzzard Laboratory school.

Of the off-campus schools, Mattoon leads in number with 20 students assigned. Charleston high school has 13. These schools are followed by Lawrenceville, Sullivan, Robinson, Paris, Newton, and Effingham.

Reports from superintendents and principals to Dr. Zeigel indicate that the student teachers are cooperative and well-prepared.

Intramural Play Opens Monday

Fall intramural sports are scheduled to get underway next Monday. Team captains in football and soccer must have entry blanks and a list of players in the intramural office before school ends Friday.

All male undergraduate students registered in Eastern are eligible to enter intramurals except those students placed on restricted physical education, those who have lettered in a varisty sport, either here or at another college, and those who are professionals. Lettermen are only restricted from participating in a sport or related sport in which they lettered.

Any player who participates under an assumed name shall be disqualified and his team will lose all points scored in that sport.

Only active members of fraternities at the beginning of an academic quarter are eligible to represent their fraternity in intramural activities. The academic quarter begins with the first day of registration for that quarter. Pledges are not considered as active members. Fraternity men will not be eligible on non-fraternity teams, nor will non-fraternity men be eligible on fraternity teams.

To be eligible for a particular sport a person's name and campus address must appear on his organization's eligibility list which is turned in at the intramural office.

New names may be added to the eligibility list any time prior to the individual's participation. No person may be allowed to transfer from one team to another or play on more than one team for a given sport.

Team managers should read the rules covering forfeits, postponements, and protests in the "Physical Education and Athletic Handbook" and acquaint the members of their organization with these rules.

First and second place trophies will be awarded in each sport to those teams competing for the All Sport Trophy. Team and individual members must be present at the All Sports Award night to receive their awards. The team or organization having the most points at the end of the school year will receive the All Sports Trophy.

Last year, Sigma Tau Gamma won the All Sports Trophy and gained permanent possession of the rotating trophy.

They were followed in standing by the Blasters, Tekes and Phi Sigs.

Storm to Captain Cross Country

Eastern's cross country team, bolstered by six returning lettermen, is currently in its third week of practice in preparation for the season opener September 27 against Wheaton college.

Paced by Rawlan Lillard, junior from Danville, Coach Maynard "Pat" O'Brien's charges went through the 1957 campaign with a 6-1 record in dual meet competition. Lillard, voted the team's most valuable player, finished first in four of the harrier's six outings last season.

Only regular lost from the squad was Captain Mick Harvey, Paris, O'Brien's number one man through four years of competition.

Dick Storm, Mattoon, only junior on the youthful 1957 squad was named captain for the 1958 season.

Other returning lettermen include Richard Kragler, Mattoon junior; Ben Butler, sophomore from Charleston; Don Thomas, Carlinville sophomore; and Clint Byrd, sophomore from Princeton.

PANTHERS SCORE—Fullback George Rykovich scores Eastern's first touchdown on an end run in Saturday's game with Indiana State. He went 15 yards for the tally.

Konicki Goes to Big Ten

After a year deliberation, Dennis Konicki, tennis star, has left Eastern and enrolled at Northwestern university of the Big Ten conference.

Konicki spent two years at Eastern during which time he starred for coach Rex Darling's tennis squad, winning the number one singles championship of the IIAC both years.

As early as a year ago, Konicki had been contemplating entering a big ten school. At one time he corresponded with one of the big ten universities and was sent an admission blank. When asked at that time if he thought he would leave Eastern, Konicki said, "I don't know, I would like to but I hate to let the school and Rex (Darling) down."

Konicki came to Eastern from Hinsdale high school, which is only a short distance from Northwestern. At Hinsdale he also starred at third base on the baseball team but gave up that sport to concentrate on tennis.

Two years ago at the National NAIA tournament at Beaumont, Texas, Konicki won his first match but was eliminated in the second round. This spring he was beaten in the first round but teamed with Clark Nelson of Mattoon to win two matches in the doubles.

With Konicki in the Number one spot, Eastern has enjoyed welcome tennis success the past two seasons. In the spring of 1957 they won 12 dual meets while losing only two. That year they tied for first in the IIAC meet.

Last spring, playing a notably harder schedule, including a tour of Texas schools, they won ten dual meets while losing four. They were second in the IIAC meet.

The loss of Konicki will leave coach Darling with five returning lettermen this fall. They are: Nelson, Nolan, Sims, Manuel Velasco, John Whitehead, and Dick Woodfall.

As yet, Coach Darling has not commented on Konicki's departure.

Panthers to Play Tennessee School Sat.

Eastern's football team will take to the road this weekend to play Austin Peay State college located at Clarksville, Tennessee. Gametime will be Saturday at 8 p.m.

The school, a co-educational institution, has an enrolment of 1,500 and is situated in a town of 25,000 population.

Their football team, the Governors, played a 10 game schedule last year compiling a won four lost six record. A glance at some of their results seems to indicate that they played a variety of strength in their opponents as three of their wins were by scores of 33-0, 26-0, and 23-0; and three of their losses were by scores of 41-0, 20-0, and 40-13. Other games fell within a two touchdown variance.

The Governors' coach, Earl Gartman, will be in his freshman year as head football coach, he served as backfield coach last year. Coach Gartman says his big trouble will be filling a tackle position and faces the job of developing a freshman for the spot.

His backfield, he says, is in good hands with the return of quarterback Rudi Argenti, a 180 pound junior from New Jersey. Returning along with Argenti are halfbacks Co-Captain David Burden, the fastest man on the team, and letterman Ted Potter. At the fullback spot will be two veterans, Bob Monnet and Bill Stacy. Monnet is an Effingham, Illinois, product and has had football experience in the Army and at the University of Alabama as well as at Austin Peay.

Bolstering the line attack will be senior John McKay, the other co-captain, playing a tackle position.

In the statistics department,

last year Austin Peay made 124 first downs to their opponents 119. They led their opponents in rushing 2,301 to 2,001 yards but were behind in yards gained passing 466 to 560. They attempted 94 passes and completed 40 with five interceptions. They punted 50 times for an average of 36.2 yards per kick.

Several transfer students are expected to play an important role in the fortunes of Austin Peay this fall. Pratt Busby, 190 pound quarterback, Charles Rhinehart, 185 pound end, Ken Speakman, 160 pound halfback, and Bill Fugua "looked good in spring practice and should see a lot of action."

The general consensus is that Austin Peay is experienced and in "good shape."

Schedule

Sept. 20—Indiana State, home
Sept. 27—Austin Peay, away
Oct. 4—Northern Illinois, away
Oct. 11—Southern Illinois, home
Oct. 18—Eastern Michigan, away
Oct. 25—Western Illinois, away
Nov. 1—Central Michigan, home
Nov. 8—Illinois Normal, home

Victory Snaps Ten Game Losing Streak for Panther Gridders

Eastern's Panthers broke a ten game losing streak in grand style Saturday as they easily defeated a surprised old rival, Indiana State, 30-8.

A hard working line plus the combination of hard hitting backs turned the trick for Eastern.

Fullback George Rykovich scored twice for the Panthers on runs of 15 and ten yards in the first and fourth periods. Halfback John Puff scored Eastern's second touchdown on a 20 yard run and halfback, Jim Erdmann wound up Eastern's scoring in the final period when he carried from the 18 to the two yard line and then plunged over two plays later.

Butch Knowles, Rykovich, and Jerry Van Belleham ran across two-point extra points for Eastern.

Indiana State was scoreless until the final 51 seconds when a pass interference call against Eastern helped them to their lone touchdown.

State's scoring play covered nine yards on a pass from Ted Morlock to halfback Ron Lear. They scored their points-after-touchdown the same way.

Eastern gave their fans the old familiar sinking feeling when they fumbled on their first play from scrimmage, but thereafter Dick Vaughn quarterbacked a smooth and efficient attack.

After State recovered Eastern's opening fumble, they drove to Eastern's 13 yard line. Don Arnold ended the scoring threat when he intercepted a pass on the six and ran it back to the 32. From there the Panthers moved steadily down field on a series of running and passing plays to State's 15 yard line where Rykovich took it over on an end sweep.

Bob Fulk kicked the ball into the end zone and State started play from their 20 yard line. They could not move and kicked to the Eastern 40 as the quarter ended.

After the two teams exchanged kicks and State had the ball on Eastern's 26 yard line, State's quarterback ran back, fell down, and dropped the ball. Eastern recovered on the 32.

Again Eastern was forced to kick. State could not move and on fourth down their kicker dropped the center pass and the Panthers took over on State's 29. They moved to the four before losing the ball on downs. State kicked and a long runback by Eastern was nullified by a clipping penalty as the half ended.

The third quarter began with a double exchange of kicks before Eastern drove to the Sycamore's 20 yard line. From there, John Puff drove straight up the middle, bulling over five or six tacklers for the score.

Late in the quarter, Bob Parrish intercepted a State pass and carried to the Sycamore's 36 yard line. Five plays later Rykovich scored from the nine.

State took the kickoff to the 35 but were pushed back to their nine and kicked to only their 28. From there, Erdmann took over and four plays later plunged over from the one foot line.

Eastern's line, led by Fulk, Dave Fields, Haywood Turnipseed, Mike Phillips, and Ron Hein, kept the Sycamore's passing and running attacks in check as well as continually opening holes to give Panther backs a good running start.

Eastern

Ends—Johnson, Neibch, Gordon, Parrish, Arnold, Novak.

Tackles—Fields, Fulk, Mitchell, Monge, Deedrick, Maddox, Magsamen, Morconi.

Robert Hussey is Head Gym Coach

Robert Hussey, a 1949 graduate of Central State college, Stevens Point, Wisconsin, is entering his first year at Eastern. He was hired as head gymnastics coach and football assistant.

Hussey received his masters degree from Michigan State university in 1953, after which he coached and taught five years at Washington Junior high school, Racine, Wisconsin. He coached football and track at Washington and developed a gymnastics team.

While in college, Hussey earned varsity letters in baseball and gymnastics. He captained the Central college gymnasts his senior year.

His assistant football coaching duties at Eastern covers coaching and training the line.

Hussey is taking on a hard job as head gymnastics coach. Last year the Panthers lost six dual meets while winning none. They finished sixth in the Interstate Intercollegiate Athletic conference. This will be the second year of an attempt to build a winning gymnastics team at Eastern.

Fulk, Fields Top Football Squad As Co-Captains

Two Eastern tackles were named co-captains of the 1958 Panther football team Friday by Coach Ralph Kohl.

Bob Fulk, a junior, and Dave Fields, a senior, were the choices to lead Eastern this year.

Fulk, a 215 pounder from Moweaqua, is an industrial arts major and a member of the Panther wrestling team. He has earned one varsity football letter at Eastern.

Fields, a native of Danville, is in his second year at a starting tackle position at Eastern. The 235 pound social science major is heralded by Kohl as the best lineman on the squad. Fields is also a top-notch shot putter on Eastern's track team. He broke the Interstate Intercollegiate Athletic conference shot put record in the conference meet last year.

Kohl reports both men are working well and could be possible professional material.

Southern Ill. Jolts Evansville 34-14

Southern Illinois, led by speedy halfback Carver Shannon, blasted mighty Evansville, Indiana last Saturday to position themselves as possible contenders for this year's IIAC crown.

Shannon scored on a 98 yard punt return and a 41 yard run from scrimmage. The Saluki kicked their extra points rather than try for the two-point run or pass play. Bill Norwood and Bob Jansco also tallied for Southern.

Central Michigan took advantage of the new two-point play to edge Western Michigan 33-32.

In other contests Wheaton trounced Northern Illinois 40-20 on the winners field. The only highlight of the game for the Huskies came when Lou Flinn, Northern's top notch player, connected on two passes to Allen Eck for tallies.

Ball State romped over Illinois Normal, while Hope college defeated Eastern Michigan.

Since 1952 Central and Eastern Michigan have dominated the conference football crown. Central Michigan won the title in 1952, 1953, and 1956 and tied Eastern Michigan in 1954 and 1955. Last year was the first year that Eastern Michigan completely dominated the crown.

Northern won the title in 1951 and Illinois Normal won it in the first year of conference play in 1950.

Get the honest taste of a LUCKY STRIKE

NATIONAL CHAIRMAN—Rex Darling, tennis coach at Eastern, was recently informed of his selection as chairman of the National Association of Intercollegiate Athletics Tennis Committee.

Darling Appointed To NAIA Position

Rex V. Darling, tennis coach at Eastern, has been named chairman of the National Association of Intercollegiate Athletics Tennis Committee, it was announced recently by Al Garten, NAIA president.

Darling's primary duties as chairman of the national committee are to select a new site for the annual tennis tournament, and to organize member schools to strengthen the NAIA program.

Serving with Darling are Cliff Aultman of Geneva college, supervisor; Rolla Anderson, Kalamazoo college, vice-chairman; and representatives from member schools of nine areas.

In addition to his tennis coaching duties, Darling is coach of the basketball "B" squad and in 1951 led the Panther football team

to a successful season, winning four games, losing two, with two ties.

He is a graduate of Illinois State Normal university and Indiana university.

Sports Folio . . . Turnipseed, Hiawatha Buddies; Indiana State Slick on Draw

by George Barbour

It was good to see ex-Eastern student and sports follower, Marcelle "Bobo" Pacette spotting players from the top of the press box at the game Saturday. At an informal discussion after the game, Pacette came up with this choice bit of information; it seems Eastern's steller guard, Haywood Turnipseed, wasn't the only unusual named person in his high school. His running mate was named Hiawatha Burnett. Incidentally, this was the same high school that gave Eastern a well remembered basketball star, Tom Katsimpolis.

Besides the two pass plays on which State scored it seemed evident to even the most casual observer that they had only one standout play — the draw. Time and time again players, coaches, and fans alike were singing out pass! pass! while the Sycamore fullback was knifing up the middle for valuable yardage.

In writing up the type of football game Eastern played Saturday, space and memory do not often allow a writer to mention every player and exactly what he did, taking that fact into consideration, here are the stars of the game: John Johnson, Bill Neibch,

Rich Gordon, Bob Parrish, Don Arnold, Don Novak, Dave Fields, Bob Fulk, Tim Mitchell, Ron Monge, Dave Deerick, Larry Maddox, Carl Magsamen, Ron Hein, Haywood Turnipseed, Mike Phillips, Bud Brown, Jim Gardner, John Sheehy, Pete Adolph, Harv Zimmerle, Phil Mann, Dick Vaughn, Ron Fredin, John Puff, Butch Knowles, Perry Thomas, Jerry Burkhalter, Vince DeBaro, Ken Calhoun, Jim Erdmann, George Rykovich, Jerry Van Bellehem, Leon Meneghetti, and Norm Bomkamp.

Cross Country Schedule Released

Eastern's Cross-Country team will face a total of eight foes in dual meets this year. In addition they will participate in the state meet, at Chicago and the IIAC meet at Mt. Pleasant, Michigan.

- Sept. 27—Wheaton, here
- Oct. 1—Indiana State, here
- Oct. 4—Northern Illinois, here
- Oct. 7—Bradley, at Peoria
- Oct. 11—Ill. Normal, Loyola, at Normal
- Oct. 18—Southern Illinois, at Carbondale
- Oct. 22—Indiana Central, at Indianapolis
- Oct. 24—Western Illinois, here
- Nov. 1—State Meet, at Chicago
- Nov. 8—IIAC Meet, at Mt. Pleasant, Mich.

Student-Faculty Artists Series Board Members Appointed

Membership of the Artists Series board for the 1958-59 school year has been announced by Dr. Robert Waddell, faculty chairman of the board.

Student board members, nominated by the student senate and approved by President Quincy Doudna, are Don Arnold, Sue Bartlett, June Bradfield, Bob Bruce, Carol Henry, Jane Huber, and Sharon Piepers.

President Doudna has also confirmed the appointment of Dr. Waddell and four faculty representatives nominated by the Committee of Fifteen. They are Dr. Catherine Smith, Theodore Herstand, Jacob Bennett, and Robert Pence.

The Artists Series board is responsible for bringing to Eastern's campus a varied schedule of programs. In past years many of the world's outstanding entertainers have appeared.

In addition to the appointed student-faculty board, all students interested in the activities of the artists series are encouraged to petition for membership. Petition forms may be obtained from Dr. Waddell in room 210 of the Science building or from the office of the Dean of Men.

Deadline for return of Petitions is Friday, it was announced after the group's initial meeting yesterday.

Navy Announces Exam For College Scholarships

Applications are now available for the U. S. Navy's 13th annual competitive examination for a nation-wide NROTC college training program, according to a recent announcement by the Navy department.

Male citizens of the United States between the ages of 17 and 22 are eligible to apply for the exam, scheduled for December 13, 1958. Deadline for receipt of all applications is November 15.

Persons attaining a qualifying score on the college aptitude test will be given the Navy's midshipman physical examination next February. From the pool of qualified candidates remaining in competition, approximately 1,800 men will be selected for appointment as midshipmen and will enroll in one of the 52 colleges where a Naval Reserve Officers Training Corps is located.

In addition to the normal college curriculum, midshipmen in the regular NROTC will study a planned course in naval science.

All tuition, fees, and books will be furnished by the Navy, plus an annual retainer pay of \$600 for a maximum of four years. Regular NROTC midshipmen will spend part of three successive summers on training cruises.

MOUNTAIN PENS—BILL FOLDS

Applications for this program can be obtained from Dr. William Miner, director of veterans services.

Dr. Miner has been provided with specific information concerning the NROTC program and will furnish information bulletins to all interested students.

The regular ROTC is maintained for the purpose of training and educating young men for ultimate commissioning as career officers in the Navy and Marine Corps.

Successful candidates will start their naval careers in colleges and universities in 1959.

After a college education and substantial naval training, graduates will be commissioned as regular officers in the Navy or Marine Corps for active duty with the United States fleets throughout the world.

For those who qualify, assignment to flight training will be available.

Governor Attends Fraternity Fete

A side-light to Governor Stratton's day at Eastern last Thursday was his unexpected visit to the Tau Kappa Epsilon fraternity house that afternoon.

Departing from his busy schedule after receiving a verbal invitation, the Governor and his party accepted. They were met at the house at 907 Seventh by Teke President Dale Rutan and Housemother Mrs. Mae Van Sickle. The Governor shook hands and had pictures taken with all the members and guests present. After refreshments were served and all introductions were made, he left for Springfield.

Other guests included President Quincy Doudna, Dean Hobart Heller, Dean Rudolph Anfinson, State Superintendent of Public Instruction Vernon Nickell, Representative A. Lincoln Stanfield, and other state officials and faculty members.

Dr. Charles Hummer requests that all members of the university chorus meet in Old Aud Monday at 3 p.m. and Wednesday at 4 p.m. to prepare for their October 5 presentation.

Physics Department Opens Film Series

The physics department plans to present a series of educational introductory physics films beginning today. The films, requiring approximately 30 minutes each, will be shown daily at 4:00 p.m. in room 216 of the Science building.

These films cover a complete course in introductory physics including 162 lecture and laboratory sessions supplemented by four introductory lectures, and three periods of special lessons on the slide rule, algebra and trigonometry.

This series of films will bring to the Eastern campus the skill and experience of one of America's great teachers, Dr. Harvey E. White, vice-chairman of the physics department, University of California.

The course has been developed by Dr. White to provide a background for further study of science, and, in addition, to serve those who do not plan technical careers.

A short discussion period will follow the showing of each film.

Students, faculty and the general public are cordially invited to attend the showing of any or all of these films.

Department Heads Named by Doudna

Two Eastern faculty members have been appointed acting department heads by President Quincy Doudna.

Dr. Gladys Ekeberg will serve as head of the English department during the absence of Dr. Eugene Waffle for the winter quarter of the current school year.

An associate professor of English, Dr. Ekeberg came to Eastern in 1945.

Dr. Lawson Marcy will take over duties as head of the chemistry department while Dr. Harris Phipps is on sabbatical leave. Dr. Phipps' leave is for the entire school year.

Dr. Marcy joined Eastern's faculty in 1944.

THEY SAID IT COULDN'T BE DONE *BUT HERE IT IS!*

"Couldn't be done." That's what they told Mr. Bell back in 1876. But where would three million college students be without the telephone... especially on a Saturday night? Today you can make a date, or talk to your folks, from practically anywhere... even from your own car.

PUFF BY PUFF
TODAY'S L&M
GIVES YOU-

Less tars & More taste

DON'T SETTLE FOR ONE WITHOUT THE OTHER. CHANGE TO L&M AND GET 'EM BOTH.

Such an improved filter and more taste! Yes, today's L&M combines these two essentials of modern smoking enjoyment — less tars and more taste in one great cigarette. L&M's patented filtering process enables today's L&M to give you, puff by puff, less tars in the smoke than ever before. And L&M gives you *more taste, better taste* than any other cigarette.

Light into that Live Modern flavor!
